# summer intensive english program Student Handbook

Welcome to our **ESLplus Summer Intensive English Program!** We look forward to this program with great excitement and hope all of our students will have a rewarding and successful program.

This student handbook is a very important tool for learning at ESLplus. It is a set of information for all our students to be used as reference from time to time.

Both international and local students are warmly received into our Summer Program and we value this opportunity of meeting other cultures. ESLplus recognizes that the learning it provides today needs to prepare all students for life in a global world.

Our aim is to **provide quality language instruction best suited to the needs of our students.** We stress the importance of relevant, practical and communicative curriculum supported by all the important language, cultural and social aspects of education.

At ESLplus, we aim to prepare our students for potential language and social opportunities and to provide international students with the necessary communication skills and fluency in English to succeed in their goals. International students will be fully supported in their learning and well cared for.

## two very important rules

**Rule #1: All students need to attend REGULARLY and arrive ON TIME.** It is important to students to arrive on time for program. Regular and punctual attendance is an important life skill for all students. If you know that you will be late or absent, please phone the program director or e-mail [admin@eslplus.ca](mailto:admin@eslplus.ca).

Regular program hours are from 9am to 4pm. Students are not allowed on program property before 8:30 am or after 4:10pm.

**Rule #2: We adopt ENGLISH ONLY policy during our summer program.** Students must speak English at all times during our summer program. This is to encourage our students to practice their English skills even with their classmates who may speak the same native language.

## dress code

Students are encouraged to wear casual, weather-appropriate, comfortable clothes. Note: Female students are to wear modest, proper clothes for language learning. We have children and teens attending our language camps in the same building, so please set an example to our young students by wearing proper attire.

## attendance

All students are expected to **attend regularly** during their registered dates except for medical reasons. If a student is absent, please contact your Program Director as soon as possible stating the reason for his absence. Or e-mail [admin@eslplus.ca](mailto:admin@eslplus.ca). Note: Absences or late days will not be refunded or made up on other days.

## program property

All the rooms assigned to our program, including outdoor surroundings should be kept clean and tidy. Keep off all garden areas and other rooms in the school. Any form of vandalism will not be tolerated and will result to cancellation of the student's any remaining program days. You may be required to pay for damage costs upon full investigation of the case.

## daily routine

Students are to participate actively in our program activities, scheduled trips, and day-to-day learning routines.

## health issues

When students are in the program, they work and interact very closely to each other. If you are ill (e.g. influenza, coughs, colds), please stay at home so others would not be affected. **Sick or late days are not refundable.**

Teachers are not allowed to administer oral medication to students. All other injuries and illnesses will be coursed through emergency 911. (Ambulance costs will be paid by the insurance or by yourself, if required).

Any student who has symptoms of fever during program **should go home.** It is important that students have medical insurance in case of emergencies. It is highly recommended that students have their flu shots before attending our program.

## program staff

- All our staff are TESL/TESOL certified, qualified and experienced to teach English to all levels, all ages, and in all settings.
- Volunteers and assistant teachers underwent criminal record check and were adequately trained to help during the summer program.
- Overall Director of ESLplus Programs: Irene Lardizabal, M Ed TESL. Irene has 23 years of ESL teaching experience in Asia, the Middle East and North America. She is a regular teacher trainer and speaker in TESL conferences across Canada.

## length of study

ESLplus Summer Intensive English Program runs within the summer months, beginning late June. Students may start their course of study at any time during the program period (recommended: start on any Monday – or Tuesday if Monday is a holiday - and end on any Friday). All incoming, new students are assessed by the teachers.

## ESL program

Our ESL classes are small – each group not more than 20, taught by one teacher, assisted by 1-2 teaching volunteers.

## language assessment

The language test has all components of language communication: speaking, listening, reading and writing. Students are evaluated and then placed either in the beginning, intermediate or advanced level.

## homework

Students are encouraged to complete their homework when assigned. Homework is important to follow up on learned topics or skills in the classroom.

## volunteers

Volunteers are an asset in our program. Volunteers provide assistance in classrooms and field trips. We are always grateful to people who offer their help, whether it's once during the week or everyday. If you have some time and interest in volunteering, sign up with the teacher or give us a call or e-mail, and we'll find just the right opportunity for you to get involved.

As per government and ESLplus policies, all volunteers must submit recent criminal record check.

## visiting the program

For the students's safety, all family members or friends of registered students are to call or e-mail us first before visiting. Visiting kin or friends are not allowed to linger anywhere inside the school during program hours.

## food for learning

Good food is fuel for good learning. Breakfast every day will produce the energy needed for active learning and growing. A healthy packed lunch and nutritious snacks are also important parts of supporting learning during the program. Think smart food, not junk food! Students are always welcome to have a bottle of water on their desks. Note: Please inform our staff if you have food or drink allergies for precaution.

# behavioural expectations
